

SE:FIT

WE CREATE TEAMS

DENCON

Se:fit isn't just another chair; it's a solution designed to prioritize your health and well-being in the workplace. As a well-known favorite, se:fit has been seamlessly integrated into our new range, offering a fantastic option for customers seeking a healthier alternative to traditional office chairs.

Key features:

- **Ergonomic design:** se:fit boasts an ergonomically shaped concave seat, meticulously crafted to promote proper posture and spinal alignment, reducing strain on your back and muscles.
- **Height adjustability:** With its height-adjustable feature, se:fit allows for customizable seating positions, catering to individuals of varying heights and preferences.
- **Flexible base:** The convex-shaped base of se:fit provides dynamic flexibility, allowing for subtle movements while seated, promoting blood circulation and reducing the risk of stiffness.
- **Premium upholstery:** Upholstered in Gabriel Runner polyamide with a 3D structure, the seat of se:fit combines comfort with durability, ensuring long-lasting support throughout your workday.
- **Non-slip surface:** The base's surface is designed with non-slip material, ensuring stability and preventing the chair from sliding or shifting during use.

Why choose se:fit?

Se:fit isn't just about sitting; it's about taking care of your back and posture. By investing in se:fit, you're choosing a chair that prioritizes your health and comfort, ensuring you can focus on your work without the distraction of discomfort or pain.
