WE CREATE TEAMS

DENCON

Introducing the se:joy conference chair by Sedus, a standout in our current range. This chair has quickly become a top choice for conference and meeting rooms, thanks to its exceptional sitting comfort and sleek design.

Features at a glance:

- **Superior sitting comfort:** The se:joy features membrane padding that ensures flexible and comfortable seating, preventing heat build-up even during long meetings.
- **Customizable options:** Available with or without armrests, allowing you to tailor the chair to your specific needs and preferences.
- **Ergonomic adjustability:** Equipped with a gas lift system for easy raising and lowering, ensuring optimal seating height for any user.
- **Premium upholstery:** Both the seat and back are upholstered with membrane in a sophisticated anthracite color, providing a modern and stylish look.
- **Durable and mobile:** The chair features a sturdy black plastic frame and black soft wheels, designed for smooth movement and durability.

Why choose se:joy?

The Se:joy conference chair isn't just a seating solution; it's an enhancement to your meeting experience. Whether you're outfitting a conference room or a collaborative workspace, this chair's flexible comfort and elegant design makes it an indispensable addition to any professional setting.
